

1. Thank you for your interest in the First Responder Network Authority (FirstNet Authority) and the Nationwide Public Safety Broadband Network (NPSBN). In accordance with Federal Communications Commission (FCC) rules (47 C.F.R. § 90.219), **building owners and other non-licensee operators of Part 90 Private Land Mobile Radio signal boosters must obtain the express written permission of the FirstNet Authority to retransmit any portion of FirstNet Authority-licensed Band 14 public safety broadband spectrum (758-768 MHz / 788-798 MHz).**

2. Before granting consent to retransmit Band 14, the FirstNet Authority must assess compatibility with NPSBN operations in your area. Accordingly, please provide the following information:

- *Make and model of device(s):*

Manufacturer:

Model:

- *Exact location (address, building, floor #, room#, # of devices):*

- *Specific frequencies device will be retransmitting:* ☐ 700 MHz ☐ 850 MHz ☐ 1900 MHz ☐ 2100 MHz ☐ 2300 MHz
☐ other _____

- *Is device capable of being remotely monitored/controlled:* ☐ Yes ☐ No

- *Operating environment - how will device be employed:* ☐ Temporary ☐ Indoor ☐ Outdoor ☐ In-Vehicle

- *Installer point-of-contact (POC) information:*

- *Building/device operator POC information (24-hour contact is required in case of interference issues):*

- *Affirm device and operating manual labeled to show compliance with FCC Part 90 rules:*

- *Is booster installation for local code compliance as part of a public safety communications solution?:*

3. Once we receive the above information and have completed our assessment, we will respond to the applicant with our decision via email. If the retransmission request is approved, the applicant should expect the following additional special operating conditions to be attached to the authorization:

- *Booster operator agrees to provide proof of Class B booster registration with the FCC*

- *Booster operator agrees to notify FirstNet Authority of any changes to their booster operations*

- *Booster operator acknowledges FirstNet Authority permission to retransmit Band 14 can be revoked at any time due to device problems or NPSBN operating priorities.*

Questions regarding the retransmission of FirstNet Authority Band 14 spectrum can be sent to:
